

RIGHTS OF CITY UNDER FRANCHISE

First Period of Thirty Years of Permit of Water Company Will Expire January 1, 1920.

PROVISIONS OF CONTRACT

Unless Some Action is Taken Within Sixty Days The Franchise is Automatically Renewed.

The decision of Judge John H. Edwards in the case of the Seymour Water Company against the Indiana public service commission in which he held that the commission is not vested with authority to alter or modify existing rates which are specified in a franchise granted by the city prior to the creation of the commission, has attracted attention to the contract or franchise. A review of the franchise shows that it was granted in 1889 effective January 1, 1900, for a period of thirty years, and that if the plant is not purchased by the city before that date the franchise is automatically extended for another period of thirty years under exactly the same conditions that have prevailed during the past.

The decision of Special Judge Edwards was to the effect that the injunction granted the company against any revision of rates should remain in force until January 1, next year, at which time the first year period of the contract expires. The company contends that the contract was made for a period of thirty years and that it cannot be exchanged within that time.

An important provision of the franchise is that the company must be given six months' notice prior to the expiration date in case the city desires to take over the plant. The six months' period will expire July 1, this year, as the first thirty-year term of the franchise expires on January 1, next.

The franchise was originally granted to Willet E. McMillan, who later sold the holdings and franchises to a company composed mainly of local men under whose jurisdiction the plant has since been operated. Section one of the franchise reads:

"... The exclusive franchise license is hereby authorized and granted to Willet E. McMillan, his heirs and assigns in and for the term of thirty years from the first day of January 1890 or until the option of purchase hereinafter provided shall be carried out to construct, operate and maintain in and near said city water works..."

The part of the franchise relative to the term of the contract is embodied as section 2 which reads:

"The right and privileges hereby granted shall continue from the time of the passage of this ordinance and for a term of thirty years from and after the first day of January 1890; provided said works be not sooner purchased by the city as hereinafter provided; and provided further, that in case the city does not elect to avail itself of this option of purchase at or before the end of thirty years, according to the terms of this ordinance, the city of Seymour hereby extends the life of this franchise and contract for a like period of thirty years, reserving the same rights of purchase as before with hydrant rentals not exceeding those named in this contract."

Section twenty-one which sets forth the conditions under which the city may elect to buy the plant follows:

"The City of Seymour shall have the right at the expiration of ten years, or any period of five years thereafter, to purchase the works of the grantee or assigns, together with their extensions, rights and franchises upon giving the grantee or his assigns six months' notice thereof in writing, the valuation thereof to be determined by two hydraulic engineers not in the employ of the city or grantee or assigns, the city choosing one, the grantee or his assigns choosing one, and in case of failure of the two to agree, a third arbiter is to be chosen by the first two, and a valuation of the works and franchises by these commissioners or if they fail to agree, by a majority of them, shall fix the sum to be paid by

the city to the grantee or his assigns, and if the city shall fail to purchase the works when appraised the expense of the appraisal shall be borne by the city and the contract between the city and the grantee shall continue for the period passed over and the unexpired term of the franchise."

NEW TOWNSHIP IS FORMED IN COUNTY

Thirty-one Sections in Vicinity of Freetown to be Known as Pershing Township.

W. T. MCKAIN FIRST TRUSTEE

Three Road Maintainers Purchased at Cost of \$1,800—Tractors to be Bought Later.

Jackson county has twelve townships. The new township known as Pershing township, is composed of about thirty-one sections in the eastern part of Salt Creek township. William T. McKain, of Freetown, was appointed the first trustee.

The organization of the new township was effected late Monday afternoon by the county commissioners after they had heard many arguments in favor and against the division of Salt Creek township. The petition which was filed by the residents of Freetown and the vicinity asking for a new township was the result of a township sectional fight over the location of a school house at Houston. The Freetown people insisted upon the school being located at Freetown. Considerable surprise resulted over the action of the commissioners in consenting to grant the prayer of the petition.

Considerable other business was transacted by the commissioners in regular session Monday. The Benham road in Vernon township, the Harlow road in Hamilton township and the J. B. Spurgeon road in Salt Creek township were continued.

E. D. Douglass was appointed engineer and Jess Lucas and Bert Emmons, viewers for the Howard Fritz road in Carr township.

Three road maintainers which will be operated by traction power were purchased through William Ott at a cost of \$1,800 which included all equipment. The commissioners also expect to buy three power tractors and will go to Indianapolis this month to inspect several makes and decide which would be the most serviceable for the county.

Roy L. Fosbrink, of Vallonia, was selected for a free scholarship for Purdue University.

BOY SCOUTS WILL ASSIST WITH "CLEAN UP" CAMPAIGN

Members will be Assigned to Districts to Remove Cans and Rubbish from City Streets.

Members of the four troops of Boy Scouts in the city will assist with the "Clean Up" campaign now being waged. At a meeting of the scoutmasters held Tuesday it was decided to divide the city up into districts and assign each member to certain territory to see that all cans, rubbish, etc., was removed from the streets in his section. Rev. J. H. More, scoutmaster of troop No. 1 and Rev. W. E. Carroll, scoutmaster of troop No. 4 are laying the city out in districts and will have charge of assigning the boys to their territories.

Thirty-five or more boys will take part in the campaign. Troops Nos. 1 and 2 will each supply twenty boys to assist with the work, Troop No. 3 will have five and Troop No. 4 fifteen. The boys will only be expected to see that the streets in their assigned districts are cleaned and it was stated by one of the scoutmasters this morning that they would not be expected to look after the alleys.

ANNUAL MEETING OF STOCKHOLDERS

Directors and Officers of Riverview Association Elected for The Ensuing Year.

FINANCIAL REPORT FILED

Two New Sections Laid Out and Ready for Sale—135 Permits Issued During Last Year.

The annual meeting of the stockholders of The Riverview Cemetery Association was held at the office of Clark B. Davis, secretary, Monday night, at which time directors were elected for the coming year. Immediately following the stockholders' meeting the directors held a session and named the directors for the ensuing twelve months. A financial report was filed by the treasurer and it was approved. The statement shows that there is a balance of \$515.99 on hand. A total of 135 burial permits were issued last year according to the report.

The stockholders elected the following directors: Charles Roeger, C. L. Kessler, N. M. Carlson, Fred Able, J. R. Blair, Harry Findley and C. B. Davis.

The directors named the following officers: Fred Able, president; Charles Roeger, vice-president; Clark B. Davis, secretary-treasurer.

The stockholders recently decided to lay out two new sections and lots therein are now ready for sale. One section has been surveyed at the left of the Chestnut street entrance. The lots will be four by nine feet and the section is arranged for single graves. The other new section is

MR. AND MRS. E. W. DONALDSON MARRIED SIXTY YEARS

Reception Given in Their Honor at Home of Mr. and Mrs. C. M. Ingram This Afternoon.

Mr. and Mrs. E. W. Donaldson, who have been residents of Seymour since 1852, celebrated their sixtieth wedding anniversary today and a reception was given this afternoon in their honor at the home of Mr. and Mrs. Charles Ingram, 301 West Second street. A large number of the friends of the aged couple called to personally extend their congratulations. The house was banked with flowers, plants and other tokens of affection which were sent by relatives and friends from far and near.

Mr. and Mrs. Donaldson were born in Shelby county, Ky. Mr. Donaldson recently celebrated his eighty-second birthday and his wife is in her eightieth year. Both are endowed with an exceptional degree of health and strength for people of their age. They were married in Waverly, Morgan county, Ind., May 6, 1859, but have spent the greater part of their lives in this vicinity where they have endeared themselves to an extended and ever growing circle of acquaintances. Mr. and Mrs. Donaldson are the parents of three daughters, Mrs. Ingram, of this city, Mrs. Harsch, of Kansas City, and Mrs. Jenks, of Topeka.

The married life of Mr. and Mrs.

Donaldson has been one of perfect companionship in which they have shared together all the joy and sorrow, and disappointments and happiness that come within the scope of two generations. Their service has been devoted to unselfish purposes, their home and their children being their first aim in life. Their many friends fully appreciate the comfort and satisfaction that must come to them to look back over their lives and know that their influence for good has been wide and that their service has been of the noble character that will stand as a monument to their names for many years to come.

NEW MOVIE HOUSE TO BE OPENED

Building at 23 South Chestnut Being Turned Into a Real Moving Picture Theatre.

WILL OPEN ABOUT JUNE 1st

Between \$7,000 and \$8,000 Will be Expended in Overhauling and Equipping New Show.

Plans have just been completed by E. A. Spray, of Frankfort, and C. E. McConaughy, of Lebanon, for the opening of a new moving picture theatre in this city, at 23 South Chestnut street adjoining the Maxon Pharmacy. Messrs. Spray and McConaughy have had wide experience in the picture theatre business, the former being interested in several of the prominent houses in different cities over the state. It is estimated that between seven and eight thousand dollars will be expended in installing the new picture house.

The building in which the new theatre will be located was recently leased by E. F. Maxon who has released it to the Messrs. Spray and McConaughy for a period of ten

COUNTY WILL SEND BIG DELEGATION

Soldiers Who Will Attend "Welcome Home" Celebration Must Be on Hand at 7:00 a. m.

350 WILL GO FROM COUNTY

Will Gather at the Pennsylvania Railroad Station—Men Expected to Wear Uniforms.

Every soldier, sailor and marine in Jackson county who has registered to take the trip to Indianapolis for the "Welcome Home" celebration is expected to be at the Pennsylvania station Wednesday morning not later than 7 o'clock. It is necessary that the committee in charge of arranging the trip know how many to purchase tickets for and for that reason it will be necessary for all to be present at the time specified.

During the last week the different members of the committee throughout the county have reported more men registering and it is now estimated that Jackson county will have a delegation of about three hundred and fifty. More than one hundred men have registered with G. W. Huber in this city and more have filed their intentions of going throughout the day.

The special train which will take world war veterans to Indianapolis is due to arrive in this city at 7:40. The train will be made up at Jeffersonville but no passengers will be taken aboard until it reaches this city except at Crothersville where

PRESENTATION OF PACT TOMORROW

Italian Delegates Speeding Back to Participate in the Submission Ceremony.

SECRET SESSION IS HELD

Terms are Read to Delegates of Lesser Allied Powers Before Offered to the Enemy.

By United Press.

Paris, May 6—The Germans must sign the peace treaty or face economic isolation. This was made plain today when the blockade session of the supreme economic session was instructed to draw up plans for the economic isolation of Germany, to be put into effect if the enemy carries out its threat to refuse to sign the peace terms. Recent dispatches from Germany indicated the confidence of the Germans to evade the terms of the treaty was based on the belief that public opinion in allied countries would not permit further military action against Germany.

Today's developments showed the allies will not depend upon the direct action of iron, but the indirect action of an iron blockade to enforce the signing of the treaty. Information from various German sources indicate the country is in a serious industrial and commercial condition. Outside assistance is needed to restore normal industrial conditions. The allies have been sending large quantities of food into Germany for some time. A blockade would force Germany to a quick submission, it is believed.

Paris, May 6—With the Italian delegates speeding back to Paris, the final step was being taken today in preparing the peace treaty for presentation to the Germans tomorrow. This consisted of a secret plenary session of the conference at which the pact was presented to representatives of the lesser allied powers for ratification.

Premier Orlando and Foreign Minister Sonnino left Rome last night and will arrive in ample time for participation in the ceremony of submitting the terms to the German delegates scheduled for 3 o'clock tomorrow afternoon. Admission to this meeting will be confined to plenipotentiaries of the United States, Great Britain and her dominions, France, Italy, Japan, Belgium, Brazil, Greece, Poland, Portugal, Roumania, Serbia and the Czechoslovak republic, with one secretary each, six German delegates and newspaper

LYNCHINGS THREATENED BY GREENSBURG, PA., CITIZENS

Troop of State Militia is Called to Protect Alleged Murderers.

By United Press.

Greensburg, Pa., May 6—An entire troop of state constabulary, reinforced by a score of uniformed and armed volunteers this morning surrounded the barracks where James Crawford, alleged to have confessed to the brutal murder of Emma Austrow, Latrobe school teacher, and an alleged accomplice, John Ray, 17, are being guarded from lynching at the hands of angry farmers and townspeople.

News of the arrest of the alleged slayers has aroused the entire countryside. Angry mobs are said to be assembling at Latrobe, ten miles east of here, determined to lynch the prisoners "at any cost."

COUNTY WILL SEND
BIG DELEGATION
(Continued from first page)

about thirty-five men who have registered to take the trip will be picked up and brought here to join the remainder of the Jackson county delegation. The train will carry several extra coaches to accommodate citizens from this city who desire to attend the celebration and providing the coaches are not all occupied it is planned that more passengers will be taken on at Columbus.

Washington county soldiers who

will attend the celebration will be brought to this city in automobiles to board the special train. It is expected that about two hundred men will go from that county.

Adolph Steinwedel director of the Seymour concert band stated today that twenty-five of the members had arranged to accompany the soldiers to the celebration and several from outside of the city have been employed to assist the band.

All soldiers will be expected to participate in the parade. It is desired that every man wear his uniform but any local soldiers who have no outfit are urged to take the trip as they will be presented with a badge to show that they have been in the service.

Many local people are planning to be at the railroad station tomorrow morning to see the boys off for the celebration and it is likely that a large crowd will be attracted. A large number of Seymour and Jackson county people are planning to accompany the soldiers.

The special train is due to arrive in Indianapolis about 10 o'clock a. m. It will leave the union station at Indianapolis for the return trip promptly at 9 o'clock and it is requested that all men be on hand in plenty of time to catch the train home.

Everyone is invited to hear him at the First Baptist church tomorrow evening.

Get Right On This
As An Individual

Uncle Sam right now is on trial before the bar of world opinion. Every American citizen is standing up for the world's inspection.

And upon our performance depends our future esteem in the eyes of the nations of the earth.

Both individual and national honor are at stake.

America was almost a miracle worker in the world war. We astounded the world by our rapid fire ability to do things. We built an army in record breaking time. We supplied a navy far excellence almost overnight. We were turning out munitions beyond every expectation when peace came.

And in fighting ability we made them all sit up and take notice.

Just as we did in furnishing the money necessary to meet all this tremendous war expense which upset all precedent.

Finally in the peace conference America again took the lead. The principles for which she had fought she insisted upon. The league of nations was planned to meet American ideas. The terms to Germany will eventually reflect largely American principles of justice and right. Our influence was almost dominating.

And having stood so prominently in the forefront of the line of action all the way through America dares not fail to finish right.

The world expects us to come through cleanly. To make good. We simply must.

Anything short of that would be voluntarily dishonoring ourselves. Branding ourselves as quitters. Stepping into the piker class.

We have lent Uncle Sam \$18,000,000,000. And none of us are broke. Let's meet his demands again, whatever they may be.

Let's hold up our heads when it's all over.

Looking the world squarely in the eye.

BLOCKADE IS WEAPON

Germany Must Consent to Allied Terms.

By United Press.

Paris, May 6—The blockade section of the supreme economic council was directed today to draft plans for economic isolation of Germany, which will be employed by the allies in the event force is required to obtain German signatures to the peace treaty. No Casualties Can Befall The Forces
You Enlist to Finish
The War.

No matter whether it is in Timbuctoo or Tokio, Bangor or Bangkok, it is generally understood that the weight of American men, munitions and material turned the scale against the Hun and beat him down. All over the world men know that.

We are proud of that here in America. All over the world men are proud of us. They are pleased that a free nation saw its duty, went in wholeheartedly and did what was to be done in a workmanlike sort of manner.

We went in with vim and vigor. We were determined to win. We had counted the cost but we went to the actual work with our blood warmed and our courage high.

If you do not believe that we hit and hit hard, why ask the Hun. The Boche. He knows. He felt it at Chateau-Thierry and at St. Mihiel. He knew still more about it after the Argonne.

As the Hun officers said after facing the 35th division, the men from Missouri and Kansas, "They were easy to kill but hard to stop." And they never stopped till they had finished the job. We all recall that date, November 11, 1918.

Kaiser Bill is at Amerongen and the crown prince is hiding in a Dutch fishing village. No one knows where Emperor Charles and King Ferdinand are. The Junkers' war machine is falling to pieces. The teeth of the Hun dragon have been battered and broken. We hope to see that he never grows a new jawful. Prussianism is a memory and we hope to keep it no more than an evil memory. The Law of Might has been amended until it is now the Law of Right. Justice has been reinstated in the world and is to be maintained.

Hope in Europe.

For the first time in thousands of years there is hope in the breasts of millions of Europeans. There is a dawn of freedom there. The kings are gone. Democracy is back in the world.

Our job on the other side of the Atlantic is being rapidly completed. The fighting part of that task is completed. The overseas forces have finished their part of it. It is now a question of those of us who stayed at home completing ours.

We have never faced physical danger here. It was never a question of life and death on this side of the water, thanks to the men who were dealing with that problem over there.

We never lay in a trench filled with stinking water. We never knew what agony there was in a shrapnel wound or from a machine gun bullet. We knew nothing of shell shock, or any of the other tortures that the Hun inflicted upon those who dared to stand against him.

The whole question with us stay-at-homes has been one of money. Of the dollars with which we have been plentifully supplied. We never faced hunger such as the people of France and England faced. Our food conservation was a feeble matter compared with what they went through.

Question of Gratitude.

There is a question as to how much gratitude and how much appreciation we feel over what has been done for us. The fighting men won for us great opportunities that stretch far into the future, opportunities so great that we can hardly estimate them now.

It is now our part to finish up the task on this side of the water and to finish it as well as the American Expeditionary Forces finished theirs. The American government needs a good many billions of dollars to take care of the necessities. A part of these billions, \$4,500,000,000 is being raised in the form of a Victory Liberty Loan. This money is to be used in paying bills, in taking care of debts that are outstanding as a result of the war.

This money is not a tax. It is being asked as a loan. All that we need do is to mobilize our dollars and march them into Victory Liberty Notes. They will march back to us in the future with accrued interest and there will be no missing dollars in the ranks.

One side of the coin bears the pictures of Seymour and Blair, the democratic candidates for president and vice-president who were defeated by Grant and Colfax. VICTORY OR SHAME?

ANSWER IS UP TO YOU

Whether America shall emerge from the world war with an untarnished record, with glory resplendent, or with our glory smirched with shame, will depend entirely upon her citizenry.

So far our accomplishments both at home and along the firing line have won the plaudits of the world. Given us a new and more commanding place at the table of the family of nations.

Everywhere we have made good, met every requirement, registered failure in no particular.

But we still have to care for that little detail of finishing the job.

And upon our success in that will depend largely our future position in the eyes of the world. Whether we hold or lose its good opinion.

America cannot afford to fail in this. She must finish as she began. Finish as her khaki-clad soldiery did. Finish as Americans should. As Uncle Sam wants to finish.

It is for you and me and every other loyal citizen to spare no effort, no sacrifice, no inconvenience if need be, to accomplish this. To uphold the national honor, the national reputation for doing things.

To help Uncle Sam make good every obligation and enable him to stand before the world as proud of his stay-at-homes as he is of the men who risked their lives.

It is up to us to make our records, individually, as good as theirs.

We do not want to see America go down in history as humiliated at the finish by the men who did not fight.

We do not want to be looked upon by posterity as men who would not pay.

Who were without gratitude, without appreciation, without true loyalty.

We want no finger of shame pointing at our country.

And Uncle Sam's place in the sun a resplendent one.

8TH DISTRICT WILL STRUGGLE HARD TO MAINTAIN ITS LEAD

Situation in Missouri Gloomy and Workers are Urged to Hustle.

STANDING OF THE TWELVE DISTRICTS.

With but one more week of the Victory Loan campaign, the Eighth (St. Louis) Federal Reserve District enters the stretch with a commanding lead, and will struggle to retain that lead and again lead the districts of the Nation in being the first to fill its quota. At the close of business Saturday the district had total sales of \$126,246,000 and a per cent mark of 64.74. Minneapolis had crowded the Chicago District out of second place, but is 14 points behind St. Louis. Following is the standing of the districts at close of business Saturday, May 3:

District.	Subscriptions	Per Ct.
St. Louis	\$126,246,000	64.74
Minneapolis	83,256,000	52.86
Chicago	82,122,000	50.90
Boston	170,724,000	45.52
Kansas City	77,078,000	39.57
Richmond	8,566,000	38.36
Cleveland	151,734,000	33.71
Atlanta	48,353,000	33.57
Philadelphia	112,653,000	30.04
New York	376,500,000	27.21
San Francisco	78,071,000	25.99
Dallas	20,260,000	21.43

EIGHTH DISTRICT BY UNITS.

The following figures show the progress of the states and St. Louis City and St. Louis County in the Victory Liberty Loan contest at the close of business Saturday noon, May 3:

State.	Subscriptions	Per Ct.
St. Louis County	\$ 1,306,200	1.051
Indiana	12,583,600	.895
Kentucky	21,497,550	.865
Tennessee	11,065,150	.763
Mississippi	7,982,500	.747
Arkansas	13,546,800	.669
Missouri	21,134,000	.609
Illinois	17,669,750	.582
St. Louis City	25,736,250	.507
Total	\$132,591,800	.679

St. Louis, Mo., May 6.—At the opening of the third and final week of the Victory Liberty Loan campaign the Eighth (St. Louis) Federal Reserve District leads all the eleven other districts, but the showing is disappointing, and hard work confronts the public if the district is to retain the honors gained in the previous campaigns.

The district's standing at the close of business Saturday night was .679 leaving \$63,000,000 to be raised by next Saturday night. This is in excess of \$10,000,000 daily, and great improvement must be had if the goal is reached on time.

St. Louis county is the first unit in the district to go over the top. Chairman Collins Thompson reports sale of \$1,306,200, giving the county a per cent mark of 1.05.

Indiana retains its lead among the states, and has a per cent mark of .895, and is practically within 10 per cent of the goal. She made slight gains Saturday, and Kentucky is growing daily a more dangerous competitor. The Blue Grass State is now only three points behind Indiana, and this margin would probably have been wiped out had the reports that arrived just a few minutes after closing time been included. Louisville and some of the other big cities in Kentucky have gone considerably over the top, and the Kentuckians are making a Garrison finish.

Kentucky Up Again.

Though Kentucky is still three points behind Indiana, the Blue Grass State promises to be on practically even terms with its chief rival by tomorrow. After the day's returns were compiled, Jefferson county exceeded its quota by \$300,000 while Henderson county reported \$300,000 sales and Mercer county \$200,000. Three new counties were added to the honor column, being Graves, Todd and Shelby, making 27 over the top. Increases in sales in Kentucky counties in 24 hours were \$3,392,000.

St. Louis city is the laggard in the race. Chairman Van Riper and Sales Director Flynn are putting forth every endeavor to get more speed and to obtain better responses from the citizens of the city. With its large quota, the slowness of the sales are holding the entire district back, and every effort will be made this week to get St. Louis out of the rut. In the two weeks of the campaign she has subscribed not quite \$26,000,000 and her quota is over \$51,000,000.

Tennessee and Mississippi, which started out in the race running away ahead of form, have settled down to plodding race, and they are practically marking time. However, they are both in a position to take a spurt Tennessee has just passed the three-quarters post and Mississippi has just reached the three-quarters. Both Chairman Jordan of Tennessee and Chairman Kretzmar of Mississippi are in their own states now and are hurrying up matters.

Tennessee Hopeful.

Tennessee reported another county over the top, Hardin having joined the winners. Chairman Jordan is expected to bring sales reports in from Memphis, which will boost the percentage considerable, as it is known that Shelby county is practically over the top. The state advanced only one per cent since Saturday, and there are three counties yet to be heard from.

The first report received from Lake county since the campaign started recorded sales of \$84,000 out of a quota of \$106,000. Telegram received from E. W. Ross says: "No tank, no airship, but we went over the top and have good hope to raise more."

Chairman Sonntag of Indiana, is back in the Hoosier State, and while he only lacks 10 per cent of the goal, he is pushing things forward, and is going to guard against Kentucky's breaking his state's record in being the first to go over the top in the Liberty Loan race.

Arkansas reached the two-thirds post yesterday, and Chairman Hemingway and Vice-chairman Pettie are applying the spur. Arkansas bought more Liberty Bonds in the Fourth race

Ever Get Bilious? Try This

NR Tonight—Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and lashing your bowels with strong, irritating purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.

Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, gnawing pains or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.

Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system,—the stomach, the bowels and even on the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy,

"pep" and appetite return and you find yourself entirely, completely relieved.

There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day,—more than five million boxes sold every year.

If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.

Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

A FEW OF THE NEEDS.

The government needs money to meet the war risk insurance, to bring the army back from France, to pay off the army, to feed and clothe it while it remains in the service, to complete the great fleet of merchant ships and to pay off some of the debts due firms whose war work was cancelled. The distribution of this money will inject a lot of new life into business. Now that the revenue bill is passed, the Victory Liberty Loan should be shoved over and we can get a start toward resuming the activities of peace.

NEW MACHINERY INSTALLED TO REPAIR AUTO TIRES

Indiana Inside Tire Co. Now Has
One of Best Equipped Plants in
Southern Indiana.

The Indiana Inside Tire Co., located at the southwest corner of Second and Ewing streets is now ready for operation the machinery which had been delayed in shipment having arrived and has been installed. The company has been held up to a certain extent on account of the delay in shipment but is now ready to take care of their growing business.

The equipment used by the local company is the same as is used in the large tire factories and was manufactured especially for the local plant. The manager, Mr. Ross, is an experienced tire man having been manager of the Goodyear Tire & Rubber Co's, department for sev-

eral years. The skiving machine, which is the first installed in southern Indiana, makes it possible to take old worn and rim cut casings and work them over so that they will fit within a tire of the same size, which adds strength to it, whether it be old or new, and practically eliminates all tire trouble.

The plant is the most modernly equipped of its kind in southern Indiana. The company expects to establish agencies throughout the southern part of the state to look after new business for the plant. An invitation is extended to automobile owners to call at the plant and see it in operation. The company will specialize in vulcanizing and all kinds of tire repairing.

Mrs. H. N. McMillan and children, who have been spending several days with relatives at Medora and Valonia, returned to their home Monday afternoon.

HENRY DOUGHBOY HOME
AGAIN AND HE WRITES:

My buddy says to me, one night when we were reading "The Stars and Stripes" up front: "Well, Hen, I see they're going to have a Liberty Loan back home. There's five months' pay coming to us from the paymaster tomorrow, and I'm going to help out the folks at home and take a hundred dollars' worth." That was the time of the Fourth Loan.

Well, he did, handing the money over to the skipper right there at the pay table, telling him to buy a bond for him.

That was a Thursday. Saturday at daylight we jumped off. Half an hour later I didn't have a buddy any more—a piece o' shrap.

Gee, he was a man! He gave everything he had to his country. And since I've been back I've heard some people growling because Uncle Sam is asking 'em to make one more loan to him so he can finish up the job.

I hope my old buddy can't hear what they're saying.

TO THE WOUNDED

This is our homage when you pass us by:

Not the crude pitying stare you dread but this:

Averted eyes and conquered tears, and pangs

Of helpless love—you do not know how brave

We also are, not stretching out our hands,

Maddened with pity, to the stranger faces

That whitely pass us, needing us so much!

Oh, boy with deep bright eyes and crippled foot,

Oh, soldier with a face made old with war,

We promise you, by every wound you bear,

A nation's homage and a nation's help,

And all its grateful hearts, your eager friends!

—Salunith Ish-Kishor, in New York Times.

HERE'S VICTORY ACROSTIC.

V-ictory, 'tis the thrilling call!
It bringeth peace, good-will to all!
C-ourage it lends to the Nation's heart—
Telling each hero to play well his part.
One must save so that one must lend:
Reach we thus foe, no less than friend!
You and I our country defend!
Liberty, 'tis a blessed right!
Only the brave can win its fight!
All the round world at peace must be:
Now! Make your loan for Victory.

We are all proud of the things the army did over there. Belleau Woods and Verdun, Chateau-Thierry and the Argonne, Cantigny, Sedan, the Meuse Elbow, all these names have an echo of pride in the American heart. NEW USE FOUND FOR POISON GAS

Poison gas is now being put to a good use in England. The gas is injected into rat holes by means of a rubber tube. Most of the rats are killed underground, but any which come out are dazed and easily struck down.

Our battle cry's wild song!
For we must blaze the pathway
And lift the lantern high,
Who urge our million brothers
To sacrifice and buy!
Our dollars serve as lanes
As well as pen and speech;
They tell a waiting nation
To practice what we preach!

To keep in touch with the business world— READ ADVERTISEMENTS

You can learn more from the advertisements in your daily newspaper than you could in weeks spent in visiting stores, shops and offices.

If you did not read the advertisements, you might go to a store and come home again and never learn about some new goods in that store that would interest you. But the storekeeper knows and he publishes the news in an advertisement for you to read.

If you did not read advertisements, you might go on purchasing one article for years when a new and better article has come to take its place.

It pays to keep in touch with the business world by reading advertisements.

It pays if you have nothing to buy but your own clothes and shoes and candy and books and other personal things.

It pays even more if you are buying for a household.

By keeping in touch through reading advertisements you can buy to more advantage, find out where and when to get the things you want, and avoid regrettable expenditures.

ed on the addition this morning. Decorators also started work this morning preparing to decorate the interior of the building.

When opened to the public, which the owners believe will be by June 1, the theatre will present as inviting appearance as any theatre in Southern Indiana as the owners will bar no expense in equipping it for the comfort of their patrons. A four foot elevation will be made in the floor and the latest thing in opera seats will be installed. The building will be cooled with a large exhaust fan, which will afford perfect ventilation. A gold fiber screen costing \$750 will be installed, it having been purchased several days ago and is expected to be here in a short time.

The old front in the building will be removed and replaced with one of the most modern and attractive the-

atre fronts. Plans have been drawn for two exits from the theatre, one on Chestnut street and one on Tipton street.

Included in the comforts arranged for by the owners of the new theatre will be a ladies' rest room which will be built in the front part of the show house near the entrance. Every effort is being put forth to have the theatre ready to open for business by June 1. Mr. McConaughy will be the manager of the theatre and he is away now making arrangements for moving his family here.

The proprietors of the new show before making final arrangements to open the theatre in this city, secured service of the finest picture houses such as the Paramount and others in that class which are recognized as the best offered to the theatre-going public today. The public is assured that only the latest and best pictures will be shown in the new theatre.

A name has not been selected for the theatre as yet and plans are being made to let the theatre-going public have that privilege. It is likely that a contest will be conducted

to supply a name. During the absence of the owners E. F. Maxon is looking after their interests and everything is being pushed to have the building ready for occupancy as soon as possible.

SIX KNOWN DEAD IN FIRE IN COLUMBUS, O.

Police and Fireman Searching Ruins of Apartment House for Additional Bodies.

By United Press.

Columbus, O., May 6—Six persons are known to have been killed, fourteen were injured and at least one person is missing in a fire which ruined the Philadelphia apartment house, West Broad street, early today.

Police and firemen are searching the ruins for additional bodies. About twenty children are known to have lived in the building, a six-story structure, and many of these are unaccounted for, it is said.

The building had but one fire escape. It was at the extreme rear of the building and flames spreading through the structure, cut off this avenue of escape from those in the front part of the building.

The origin of the blaze is unknown. Damage to the building was estimated at \$50,000.

STOMACH TORTURE GONE; FIRST SLEEP IN THREE MONTHS

Mr. Heinrichs Was Ready to Give Up. Then He Found How to Regain Health.

"The first sleep I had had in three months was on the second night after I began using Milks Emulsion. I had had a bad case of stomach trouble and constipation for years and was ready to give up. I was troubled with gas, dizziness, bloated after eating, gnawing sensation and cramps in the stomach. Milks Emulsion was a God-send to me, and I want everyone to know about a medicine that will cure cases like mine."—C. E. Heinrichs, 702 S. Alabama St. Indianapolis, Ind.

Mr. Heinrichs and thousands of other former sufferers from catarrh of the stomach, indigestion and bowel troubles, have found that Milks Emulsion gives prompt relief and real lasting benefit.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by C. E. Loertz.

IN THE SPRING

When Energy and Vitality are Lowest, then—Influenza!

(By S. C. BOWER, M. D.)

At this time of the year people feel weak; tired, listless, their blood is thin, they have lived indoors and perhaps expended all their mental and bodily energy and they want to know how to renew their energy and stamina, overcome headaches and backaches, have clear eyes, a smooth, ruddy skin and feel the exhilaration of real good health tingling thru their bodies. Good, pure, rich, red blood is the best insurance against ill of all kinds. You are apt to suffer from an attack of Influenza if your health is run down.

Purify the blood and you can defy influenza. This is the time to clean house and freshen up a bit.

Drink hot water a half hour before meals, and for a vegetable tonic there's nothing better than Dr. Pierce's Golden Medical Discovery, the old-fashioned herbal remedy, which has had such a fine reputation for fifty years. It contains no alcohol or narcotics and is made into tablets and liquid. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial package.

Milwaukee, Wis.—"For the last twenty years I have used Dr. Pierce's Golden Medical Discovery, at times, as a general tonic, with excellent results. One bottle in the spring and one in the fall is usually all-sufficient. It has given me added strength and endurance and has greatly aided me in following the strenuous life of a freight handler. I have also found the 'Pleasant Pellets' very beneficial and mild in action."

"I have been through Dr. Pierce's Invalids' Hotel and Surgical Institute at Buffalo, N. Y., and have found everything as represented. The picture given of their buildings are genuine."—John W. McLean, 188 W. Wisconsin Ave.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren Is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

LIFE NOW WORTH LIVING

Illinois Lady Says Cardui Wrought Great Change in Her Health.

Paris, Ill.—Miss Lydia Arbogast, of this place, writes: "When I was 16 years old... I was small, very small for my age. I had a bad color—had the sick headache all the time. Just dragging through school... I didn't feel like going to school and my mother and I were worried about myself, for I felt I couldn't stand that condition longer. Hardly cared to live."

After taking a few bottles of Cardui, I saw a great change in my health... my color fine and I began to grow... I got well and strong. I was a different girl and have been ever since. I give Cardui all the praise, and had there not been a change in me when I first began Cardui, I couldn't have lived... The headache gradually disappeared as my health was built up and life became worth living."

Card-u-i, the woman's tonic, purely vegetable, safe, gentle and reliable in its action, has helped many women in the past 40 years, and should do the same for you. If you suffer from womanly troubles, try Card-u-i. NCR-11

GREEN FANCY

By GEORGE BARR McCUTCHEON

Author of "GRAUSTARK," "THE HOLLOW OF HER HAND," "THE PRINCE OF GRAUSTARK," ETC.

Copyright by Dodd, Mead and Company, Inc.

He scowled—and was glad that it was too dark for her to see his face. He wondered if she fully appreciated what would happen to him if the pursuers came upon him in this forbidding spot. He could almost picture his own body lying there among the rocks and rotting, while she—well, she would merely go back to Green Fancy.

"I fear you do not realize the extreme gravity of the situation. We must get out of these woods if I have to carry you in my arms."

"I shall try to keep going," she said quickly. "Forgive me if I seemed to falter a little. I—I am ready to go on when you say the word."

"You poor girl! Hang it all, perhaps you are right and not I. Sit still and I will reconnoiter a bit. If I can find a place where we can hide among these rocks, we'll stay here till the sky begins to lighten. Sit—"

"No! I shall not let you leave me for a second. Where you go, I go." She struggled to her feet, suppressing a groan, and thrust a determined arm through his.

"That's worth remembering," said he, and whether it was a muscular necessity or an emotional exaction that caused his arm to tighten on hers, none save he would ever know.

After a few minutes prowling among the rocks they came to the face of what subsequently proved to be a sheer wall of stone. He flashed the light, and, with an exclamation, started back. Not six feet ahead of them the earth seemed to end; a yawning black gulf lay beyond. Apparently they were on the very edge of a cliff.

"Good Lord, that was a close call," he gasped. He explained in a few words and then, commanding her to stand perfectly still, flopped to the ground and carefully felt his way forward. Again he flashed the light. In an instant he understood. They were on the brink of a shallow quarry.

Lying there, he made swift calculations. The quarry, no longer of use to the builder, was reasonably sure to be abandoned. In all probability some sort of a stone-cutter's shed would be found nearby. It would provide shelter from the fine rain that was falling and from the chill night air. He remembered that O'Dowd, in discussing the erection of Green Fancy the night before, had said that the stone came from a pit two miles away, where a fine quality of granite had been found. Two miles, according to Barnes' quick calculations, would bring the pit close to the northern boundary of the Curtis property and almost directly on a line with the point where he and Sprouse entered the meadow at the beginning of their advance upon Green Fancy. That being the case, they were now quite close to the stake and rider fence separating the Curtis land from that of the farmer on the north.

"Good," he said, more to himself than to her. "I begin to see light. Are you afraid to remain here while I go down there for a look around? I shan't be gone more than a couple of minutes."

"The way I feel at present," she said, jerkily, "I shall never, never from this instant till the hour in which I die, let go of your coat-tails, Mr. Barnes." Suited the action to the word, her fingers resolutely fastened, not upon the tail of his coat but upon his sturdy arm. "I wouldn't stay here alone for anything in the world."

"Heaven bless you," he exclaimed, suddenly exalted. "And, since you put it that way, I shall always contrive to be within arm's length."

And so, together, they ventured along the edge of the pit until they reached the wagon road at the bottom. As he had expected, there was a ramshackle shed hard by. It was not much of a place, but it was deserted and a safe shelter for the moment.

A workman's bench lay on its side in the middle of the earthen floor. He righted it and drew it over to the boarding. . . . She laid her head

Five Dollars For a Name

Why We Want a Name

For about fifteen years the Hoosier XXX envelope has been the most popular envelope we have handled. During the war the government made a great many restrictions on the manufacture of paper so that XXX will disappear from envelope box labels and will be replaced by a substance number indicating the weight of paper used in manufacturing envelopes.

For two or three years we have planned to drop the name of Hoosier for these envelopes because it is a jobbers' name, and substitute for the same envelope a name which would be distinctively our own. In other words the same quality envelope will be used but under a new name and will be sent out from the mill under our individual label instead of the jobber's label. We have been unable to decide on a satisfactory name and for that reason have decided to offer \$5.00 in cash to the person who will suggest the most appropriate name for this popular business envelope.

Qualities of the Envelope

Every user of the Hoosier XXX will at once recognize their old friend under the new name because the same qualities will be continued which made the Hoosier XXX so popular in Seymour.

Rules Governing Contest

1. The name should embody the idea of quality and dignity.
2. The name should appeal to business men as a sensible brand for envelopes.
3. The name may be an entirely new word if otherwise adapted to our purpose.
4. The name should be medium in length, preferably one or two syllables and from five to ten letters, although no strict limit will be placed.
5. Any man, woman or child may enter a suggested name in this contest.
6. Any person may enter as many suggested names as they wish but each proposed name must be in a separate envelope even if suggested by the same person.
7. \$5.00 in cash will be paid for the name which is accepted, but the right is reserved to reject any or all names and reopen the contest until a satisfactory name is found.
8. In filing your suggestion write your name and street address on the slip of paper together with the name you suggest. Fold this sheet of paper and place it in a sealed envelope. On the outside of the envelope write only these words: "Name suggested for The Daily Republican envelope contest." The award will be made from the outside of the envelopes without knowing who has made the suggestion until the award is made and the envelope opened.
9. Typewritten copy is preferred although not required.
10. All proposals should be left at The Republican office or mailed so as to reach the office by 6 p. m., Wednesday, May 7. Announcements will be made as soon as possible after that time.

against his shoulder and sighed deeply. . . . He kept his eyes glued on the door and listened for the first ominous sound outside. A long time afterward she stirred.

"Are you cold? You are wet—"

"It was the excitement, the nervousness, Mr. Barnes," she said, drawing slightly away from him. "Isn't it nearly daybreak?"

He looked at his watch. "Three o'clock," he said.

There ensued another period of silence. She remained slightly aloof.

"You'd better lean against me," he said at last. "I am softer than the best boards, you know, and quite as harmless."

"Thank you," she said, and promptly settled herself against his shoulder. "It is better," she sighed.

"Would you mind telling me something about yourself, Miss Cameron? I should like to know whether I am to address you as princess, duchess, or—just plain Miss."

"I am more accustomed to plain Miss, Mr. Barnes, than to either of the titles you would give me."

"Don't you feel that I am deserving of a little enlightenment?" he asked. "I am working literally as well as figuratively in the dark. Who are you? Why were you a prisoner at Green Fancy? Where and what is your native land?"

"Mr. Barnes, I cannot answer any one of your questions without jeopardizing a cause that is dearer to me than anything else in all the world. I am sorry. I pray God a day may soon come when I can reveal everything to you—and to the world. I am of a stricken country; I am trying to serve the unhappy house that has ruled it for centuries and is now in the direst peril. The man you know as Loeb is a prince of that house. I may say this to you, and it will serve to explain my position at Green Fancy; he is not the prince I was led to believe awaited me there. He is the cousin of the man I expected to meet, and he is the enemy of the branch of the house that I would serve. Do not ask me to say more."

"Your sympathies are with the entente allies, the prince's are opposed? Is that part of Sprouse's story true?"

"Yes."

"And O'Dowd?"

"O'Dowd is anti-English, Mr. Barnes, it that conveys anything to you. He is not pro-German."

"Wasn't it pretty risky for you to carry the crown jewels around in a traveling bag, Miss Cameron?"

"I suppose so. It turned out, however, that it was the safest, surest way. I had them in my possession for three days before coming to Green Fancy. No one suspected. I was to deliver them to one of their rightful owners, Mr. Barnes—a loyal prince of the blood."

"But why here?" he insisted.

"He was to take them into Canada, and thence, in good time, to the palace of his ancestors."

"I am to understand, then, that not only you but the committee you speak of, fell into a carefully prepared trap. The treachery, therefore, had its inception in the loyal nest. You were betrayed by a friend."

"I am sure of it," she said bitterly. "If this man Sprouse does not succeed in restoring the—oh, I believe I shall kill myself, Mr. Barnes."

The wall of anguish in her voice went straight to his heart.

"He has succeeded, take my word for it. They will be in your hands before many hours have passed."

"Is he to come to the Tavern with them? Or am I to meet him?"

"Good Lord!" he gulped. Here was a contingency he had not considered. Where and when would Sprouse appear with his booty? "I—I fancy we'll find him waiting for us at the Tavern."

"But had you no understanding?"

"Er—tentatively." The perspiration started on his brow. He was thinking of something else; his amazing stupidity in not foreseeing the very situation that now presented itself. Why had he neglected to settle upon a meeting place with Sprouse in the event that circumstances forced them to part company in flight? Fearing that she would pursue the subject, he made haste to branch off onto another line.

"What is the real object of the conspiracy up there, Miss Cameron?"

"You must bear with me a little

longer, Mr. Barnes," she said, appealingly. "I cannot say anything now."

"You said that tomorrow night would be too late. What did you mean by that?"

She waited a few seconds and then removed her head from his shoulder. He heard the sharp intake of her breath and felt the convulsive movement of the arm that rested against his. There was no mistaking her sudden agitation.

"I will tell you," she said, and he was surprised by the harshness that came into her voice. "Tomorrow morning was the time set for my marriage to that wretch up there. I could have avoided it only by destroying myself. If you had come tomorrow night instead of tonight you would have found me dead, that is all. Now you understand."

"Good God! You—were to be forced into a marriage with—why, it is the most damnable—"

"O'Dowd—God bless him!—was my only champion. He knew my father."

"Listen!" he hissed, starting to his feet.

"Don't move!" came from the darkness outside. "I have me gun leveled. I heard me name taken in vain. Thanks for the blessing. I was wondering whether you would say something pleasant about me—and, thank the good Lord, I was patient. But I'd advise you both to sit still just the same."

A chuckle rounded out the gentle admonition of the invisible Irishman.

It's Here—and Now We're Ready

**The Largest and Most Complete Vulcanizing Plant in
Southern Indiana. A Real Tire Repair Shop.**

The car owners have been patient in waiting with us and now that we are ready nothing shall be left undone to render meritorious service.

Our equipment, the same as is used in the large tire factories, was manufactured especially for our plant, and with it we are able to make tire repairs on exactly the same principle as are new tires made.

Our manager comes to us after having been manager of the Goodyear Tire & Rubber Co.'s Repair Department, for several years. He knows the tire game and will be glad to advise with you concerning your tire troubles.

Do not judge us by the class of work received from the small poorly equipped shop and done by inexperienced help. We have the best of machinery and one who is experienced with the work so that all work leaving our factory will be first-class in every respect. We not only repair tires but repair all kinds of rubber goods. **YOU ARE INVITED TO CALL AND SEE OUR PLANT IN OPERATION.**

We Want Junk Tires

Will Pay More Than the Market Price for Your Old Casings.

Bring us your old discarded tires and we will show you a method whereby you may get many more miles out of them, or we will buy them at more per pound than market price.

With our method you can get from 1,000 to 5,000 miles out of your old discarded casings at a minimum cost.

How We Do It

We take an old, worn, rim-cut casing and with our tire Skiving Machine, the bead of the tire is cut off to a fine feather edge, so that it will snugly fit within a tire of the same size. The method adds strength to a tire, whether it be old or new, and gives protection to the inner tube, which practically eliminates punctures and blow-outs, thereby allowing you to get full mileage out of your tires and eliminating that dread of tire trouble.

IT IS NO EXPERIMENT, for it has stood the severest of all tests, that of practical use, which has demonstrated it to be the best method yet devised to eliminate tire trouble and get full wear out of your tires at a minimum expense. Come in and see the work. **ONE HUNDRED AND FIFTY** cars have already been equipped in this county and to the great satisfaction of the car owners, they are giving absolute satisfaction and doing all that we claim they will do.
